Professional Summary

Accomplished professional with over 3 years of experience and expertise in planning, designing, and implementing high-quality web apps. Skilled in Django, React, NextJS, NodeJS etc. Proven ability to quickly understand requirements and create innovative solutions.

Seeking a challenging and dynamic role in a highly innovative environment that values collaboration, creativity, and continuous learning and will allow me to utilize my skills in creating robust and scalable web applications.

Experience

Fullstack Web Developer - January 2021 to Present
Tenece Professional Services Limited | Abuja, Nigeria

- Designed and implemented RESTful APIs for Web apps with JSON data exchange.
- Collaborated with UX and UI designers to create intuitive user interfaces for web applications.
- Collaborated with project managers to translate wireframes and user stories into functional and responsive web designs, meeting all project deadlines and ensuring optimal functionality.
- Implemented various testing strategies, including unit testing and end-to-end testing, to ensure high-quality code and minimize bugs in production.
- Contributed to team code reviews and implemented best practices for version control using Git, resulting in streamlined development processes and easier code maintenance.

Frontend Developer - November 2019 to January 2021
Tenece Professional Services Limited | Abuja, Nigeria

- Optimized page loading times. This resulted in a 50% increase in user engagement and a 30% decrease in page loading time.
- Monitored page speed performance metrics through Google Analytics and page speed Insights.
- Collaborated with back-end developers to integrate APIs into existing front-end designs.
